

First Unitarian Universalist Church of San Antonio PASTORAL ASSOCIATE APPLICATION

The act of witnessing a person's life, especially as he or she manages its various transitions is a tender privilege. As a pastoral associate you would not only provide fellowship, you may also have the opportunity to intimately witness a person's life – an act that opens one's heart and that stays with one forever.

The mission of our Pastoral Associates Program is to organize a team to provide the following services to church members and friends: visit the ill or infirmed at home or in the hospital, support those going through times of transition or crisis, support those involved in caretaking, and/or to provide referrals to appropriate agencies.

All will be trained in the skills needed for empathetic, non-judgmental listening. Discretion and confidentiality are required. The mandatory trainings will focus on skill-building and spiritual nurturance.

Please fill out this form and email it to minister@uusat.org or print it out and leave it in Rev. Josh's box in the Conference Room. Contact Rev. Josh with any questions or to set up a time to talk further.

First Unitarian Universalist Church of San Antonio
PASTORAL ASSOCIATE APPLICATION
