

WHO ELSE
COULD WE REACH?

WHAT MORE
COULD WE DO?

These are troubling times. Now more than ever, First UU San Antonio has important work to do—work that we cannot accomplish without your help. Just think—a 10% increase in support will allow us to strengthen our worship, education, and social justice programs to better provide solace, hope, and inspiration, as well as help us raise awareness and mobilize for action to make San Antonio and the world a better place.

How We Currently Use Your Gifts

*does not include additional contributions to CREF, Share the Plate, or UUSC

Why is returning your estimate of giving important?

Every year, we ask members and friends to renew their commitment to the work we do within our church and in the larger community. All gifts, regardless of size, support our church. Whether you contribute \$12, \$120, \$1,200, or \$12,000, your estimate will help us responsibly plan for 2017-2018.

What happens when you return your estimate of giving?

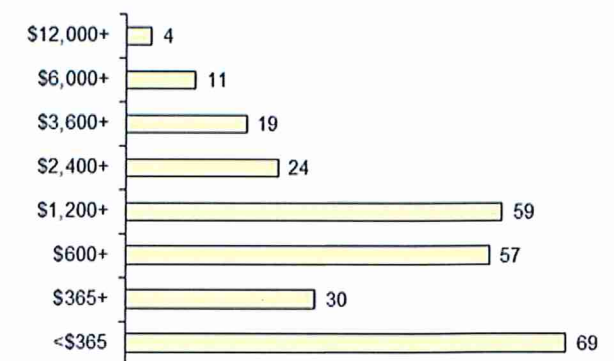

You will receive a confirmation and quarterly statements. Your commitment will remain confidential and is not a legally binding contract. If your situation changes and you would like to increase or decrease your estimate, you may do so at any time by contacting the church office.

WITH YOUR
SUPPORT?

STEWARDSHIP
2017-2018

First UU depends on the generous financial commitments of our members and friends. If you have the financial means to give at a higher level of support, please consider doing so, *especially* if you or a loved one has been inspired by or benefited from First UU's worship services, rites of passage, pastoral care, educational programs, social justice initiatives, or fellowship with others who share similar values.

Distribution of Current Giving Levels

273 Households = \$460,800
